

# Arjun Sharma

Email: arjun.sharma@email.com | LinkedIn: linkedin.com/in/arjunsharma

## Summary

Senior Data Scientist with 6 years of experience in machine learning, deep learning, NLP, and large-scale data analysis. Skilled in Python, SQL, pandas, numpy, scikit-learn, TensorFlow, PyTorch, and transformers (BERT, GPT). Extensive AWS experience including SageMaker, S3, and Lambda. Published NLP research.

## Skills

Python, SQL, machine learning, deep learning, NLP, bert, transformers, hugging face, pandas, numpy, scikit-learn, tensorflow, pytorch, AWS, azure, docker, git, github, tableau, power bi, flask, fastapi

## Experience

Senior Data Scientist — TechCorp, 2020–Present

- Built BERT-based resume classification pipeline reducing screening time by 60%
- Developed NLP models for sentiment analysis on 10M+ customer reviews
- Deployed ML models on AWS SageMaker with REST API via FastAPI
- Led deep learning research using PyTorch and Hugging Face transformers

Data Scientist — DataWave, 2018–2020

- Built machine learning models using scikit-learn and pandas for churn prediction
- Performed SQL-based feature engineering on large relational databases
- Created Tableau dashboards for executive stakeholders

## Education

M.Tech in Computer Science (AI/ML) — IIT Bombay, 2018

B.Tech in Information Technology — VIT, 2016

## Projects

- End-to-end NLP pipeline using BERT for text classification (Hugging Face)
- AWS-deployed recommendation engine using collaborative filtering
- Deep learning image classifier using TensorFlow and PyTorch
